Anticipated Major Projects for Fiscal Year 2019/2020

This list does not represent a complete list of the projects the City of Sedona is pursuing in FY19/20. It is representative of the type of projects the City of Sedona expects to pursue and solicit consultants for.

Recycle Drop Off Locations

1. Construction / Equipment

This project is an environmental sustainability initiative and will include adding three (3) new recycling drop off locations within the city.

Design/Construction Budget: \$137,000

Streets and Transportation

2. Pedestrian Crossing at Tlaquepaque – SIM 4C

This project proposes construction of a pedestrian bridge, tunnel, or other pedestrian crossing of State Route 179 between Oak Creek and SR 89A. A pedestrian bridge, tunnel, or other grade separated crossing in this area would eliminate conflicts between pedestrians and vehicles on this segment of SR 179. Traffic flow and pedestrian crossing safety would be improved, and broader area traffic congestion would be reduced.

Design/Construction Budget: \$2,050,000

3. Forest Road Connection – SIM 5b

Construction of new roadway improvements to connect/extend Forest Road from its current terminus to intersect with SR 89A.

Design/Construction Budget: \$1,201,400

4. Shelby Drive / Sunset Drive Improvements

This project consists of converting the existing private portion of Shelby Drive to a public street. The project assumes the necessary right-of-way would be donated. The improvements would include new base course and asphalt, curb/gutter, sidewalk, and utility/drainage improvements.

Design/Construction Budget: \$1,250,000

Uptown Enhancements

5. **Roadway, Pedestrian and Lighting Improvements**

Multiple projects include design and construction of roadway, pedestrian and lighting improvements.

Design/Construction Budget: \$215,000

Police

6. **Police Station Remodel**

Design and remodel existing police station, adding square footage to the original footprint. A complete rebuild of the current police station to a well-functioning public safety facility that meets the needs of a modern police force.

Design/Construction Budget: \$1,341,562

Stormwater

7. **Stormwater Master Plan Update**

In FY 2019-2020, we will begin an update of the 2005 Stormwater Master Plan (Phase 1). This will include looking at facility improvements and priorities. This will also account for the infrastructure completed since the 2005 Plan was complete and will include public outreach to identify new problem areas.

Consultant Budget: \$100,000
